

SPRINTER

3200 KG | 3500 KG

360°
Access

Flexible lifting platform: Access ramps can be locked and unlocked to adapt the platform length to long and short vehicles

The powerful **oil submerged motor** in the power unit, which is quiet and efficient, guarantees very smooth operation and short lifting and lowering times.

Practical and space-saving

THE TOP MID-RISE LIFT

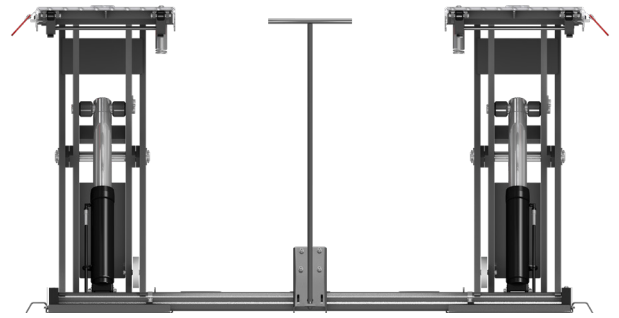

- Up and running in seconds
- No bolts or compressed air needed for installation
- Covers most of the activities in your workshop
- Can be installed without bolts on almost every flat and solid surface
- Anti-skid lifting platforms are galvanized and lengthwise adjustable with one hand
- Solid steel construction
- This lift is easy to move with the mobile set
- The powerful oil submerged motor in the power unit guarantees short lifting and lowering times

ADD A WORK BAY WHEREVER, WHENEVER

Covers most of your repair shop activities

The SPRINTER is an efficient and mobile solution for tire service, painting, body work and more.

360° access brings you a vast range of possibilities.

Reliable hydraulic system

The hydraulic system of the lift works with two independent cylinders. The mechanic synchronization is done by torsion bars at the bottom of the lift: No wear, no noise, no locks, no hustle.

Flaps to increase the length of the ramps, easy to lock and unlock
